

Pool construction inflatable shelters

Air Shelter is the premier solution for pool builders and contractors looking for a reliable way to overcome weather-related complications. With integrated 200W blowers and a 12" air gap providing superb insulation, it offers optimal lighting with its gray fabric and ensures constant air pressure even if the shelter is damaged.

Not only is Air Shelter the most reliable choice for all weather conditions, but it also guarantees a return on investment by reducing lost billable hours, increasing profit and completing projects on time.

Compact storage

All our shelters are delivered in 48'x 39'x 30' plastic crates avoiding any damage during shipping. It is also a great way to store the shelter when not in use.

Quick set up time

Between 15 and 20 min with 2 to 3 people depending on the model. Inflation time is under 4 min.

Affordability

Our shelters are less expensive than other inflatable solutions in the market place.

Light material

Our shelters are constructed of 210D Oxford waterproof translucent gray cloth.

Resistant

Can withstand snow and wind load. Snow booster blower available.

Work comfortably inside a 50'x30'

Keep your employees warm and dry by offering them more protection against the elements.

We offer 2 widths: **23' wide or 30' wide**. The 23' wide sections are 15' long. The 30' wide sections are 17' long (all our dimensions are interior dimensions).

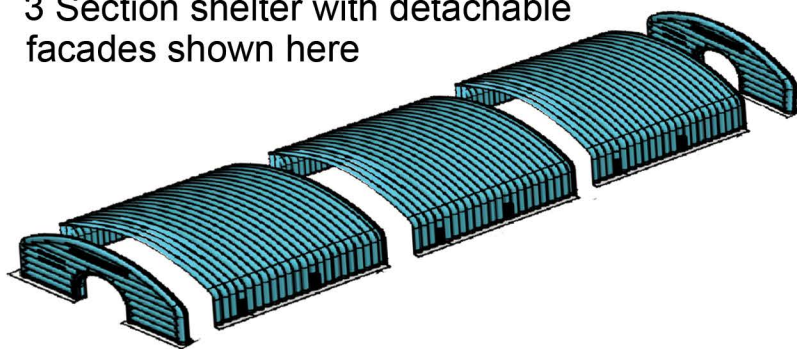

These 3 models are in stock in Dallas TX

Project Manager at Elite Landscaping and Luxury Pools

We at Elite Luxury Pools and Landscaping have purchased 2 shelters from Philippe.

Quick and easy transactions, speedy delivery, easy set up. Here In Nebraska its a godsend for the guys outside, and keeps our business rolling right along. Very awesome, and a 3rd shelter is in our future.

Thanks Philippe
